Sponsored Bounce

CAUDWELL
charity

Louise has Organised a bouncy Castle to come for the day on 27th September from 9am to 5pm, as part of charity event. (Weather permitting)

The charity we have chosen to support is the Caudwell Charity which is a local children's charity which raises money to change the lives of desperately and terminally ill children throughout the UK.

We would like as many children as possible to participate. Forms will be provided.

Staff News

NEW STAFF

Jenni Lloyd Wilkinson has joined us as a trainee nursery nurse, she has started to work towards her Level 3 qualification. We have also recruited Heather who has just qualified with a Btec level 3 qualification in childcare and Education.

TRAINING

Recently we have been working with our early years advisors to develop child choice and physical activities both inside and outside nursery. We have introduced more structured activities outside to utilise our resources in the outdoor environment.

Julie and Louise are just about to commence a qualification in team leading, they will be learning how to further support team members, and to share their previous knowledge and experience.

Steve and Tory have received training on the Early learning goals and the implementation of planning activities and maximising every learning opportunity.

'Memory Makers' Books

We have been starting to use children's art as well as photographic evidence to support our record-keeping. These books will become something we hope you will keep in the future and bring many happy memories of your child's days at nursery. Please ask to see them.

Thank you

Louise would like to pass on her thanks to all those who have supported her and sent her cards and kind thoughts recently.
